Weller's
Perennials
with that
Wonderful Root System

BUY YOUR PLANTS FROM THE NORTH. IT'S SAFER,
WITH A LONGER PLANTING SEASON.

Weller's Herbaceous Perennials

For Spring and Fall Delivery

Why You Will Find Weller's Perennials the Best and Most Satisfactory

Because we make a specialty of growing them to perfection, and make it our point to give you SERVICE, QUALITY AND VALUE. Our plants make REAL ROOTS, and what is more important to a Perennial than a GOOD ROOT SYSTEM?

All plants offered in this list are strong, field grown, two-year-old, transplanted, unless otherwise specified, and biennials. Our Plants bloom the first season. Terms: 30 days; 2% in 10 days; 5% for cash with order. Packing extra at cost. Please state whether we may substitute in case we are short.

GENERAL LIST

Those marked (*) are especially suited for cutting; those marked with (†) are best suited for rockeries. Those marked (●) are novelties.

In description the flowering period is indicated by the name of the months as May-June, etc.

●POLYCHROMA. This beautiful, rare plant is fast coming to the front, wherever it can be admired. Its unusual combination of flowers and foliage and afterwards its beautifully colored seed does not escape anyone's tempta- tion. It makes a beautiful, formal plant growing about 1 foot high, forming a hemispherical clump covered with lemon-yellow, rose-shaped flowers in May and June. When the flowering period is over, little clus- ters of pea-shaped seed, coloring to a bright red, are formed at the top of each stem, making a beautiful contrast with the light green-colored foliage. A wonderful border and rockplant and a true Perennial.....	1.75	15.00

PHLOX [Our Very Best Novelty]

• GEORGE STIPP

Of all the varieties of Phlox we grow and have seen, this is by all means the most striking and outstanding in its color. The color is perfect and lasting without fading, it lasts longer than any other variety and is a splendid grower, with healthy, sturdy foliage and enormous flower spikes. Its color is a deep growing salmon with shaded lighter eye.....

1.75 15.00

PHLOX SUFRUTICOSA (Early Flowering Hardy Phlox)

*MISS LINGARD. Early white. 35 in.	1.00	10.00
*MISS VERBOOM. (New.) A clear, mauve pink, very identical to Pink Beauty. Early.	1.25	10.00
• PINK BEAUTY. (Syn. the Queen.) A beautiful and very striking suffruticosa variety. The color is a clear mauve-pink, holding its color to the end and lasting twice as long as the Miss Lingard. It is fine for cutting and because of its earliness, and its rare color, a very valuable addition to the Phlox Family. Very identical to Miss Verboom.	1.25	10.00

VARIEGATA. Very ornamental variegated foliage, green and golden yellow stripes.	1.75	15.00

ASK FOR QUOTATIONS ON QUANTITY ORDERS

BOXWOOD (Weller's Hardy Northern Type)

During the last twenty years we have developed a Boxwood, originally out of Sempervirens type, which has proved hardy, not only in this part of the country, but also in sections where otherwise no other Boxwood would ever survive. Three years ago when the thermometer went down to 28 below, our Boxwood showed up fresher than ever in the spring, while in all other sections of the country they were winter-killed. We cleaned up on Boxwood that spring on all salable stock, but we are now coming back with a fair supply of Globe-shaped and bushes for window boxes and hedging. So far we have done nothing to advertise our plants, for the news has traveled so fast that we are still short on our orders every year. But we think that we must make it known to our customers now so that we may obtain a wider distribution for a larger future production.

BOXWOOD (Weller's Hardy Northern Type). Trimmed Globes.
